Dear Mr. Cook:

Enclosed for your information and files is a list of sites that have been reviewed by the EPA. Included with the list are the Superfund Site Strategy Recommendations (SSSRs) and reports for each activity completed by a contractor.

Please note that all sites receiving a designation of No Further Response Action Planned (NFRAP) under Superfund will be removed from the active Comprehensive Environmental Response Compensation and Liability Information Systems (CERCLIS) database. These sites are referred to the State Agency for any action, if appropriate, under the State's regulatory framework.

Should you have any questions, please contact me at

Sincerely yours,
